Refreshing Your Workplace©

Everyone wants and deserves to look forward to coming to work each day, doing their best, and being part of a healthy, respectful and highly functional work team. That is the goal of the half-day (3-4 hour) *Refreshing Your Workplace* workshops offered by Building Peaceful Community.

Refreshing Your Workplace workshops are:

- Customized to your work group and workplace.
- Built on extensive, hands-on experience developing and managing highly effective work teams, and working with public, private and non-profit workplaces to facilitate increased respect and improved communication and productivity.

Refreshing Your Workplace will leave people with renewed clarity and commitment to individual and collective work. Participants will:

- Recognize and learn to better utilize the skills and attributes of each individual, and work teams collectively.
- Learn and practice simple strategies that will significantly improve interest, enjoyment and buy-in at ongoing staff meetings.
- Understand the importance of and practice seeking clarity and agreement on group and organizational goals.
- Develop collective agreements on working together in a healthy, respectful manner.

Refreshing Your Workplace workshops have been provided to the following organizations (as of December, 2017): Campfire Minnesota, Child Care Aware, Interfaith Action of Greater Saint Paul, HIRED, Minnesota Communities Caring for Children/ Prevent Child Abuse Minnesota, Minnesota Council of Nonprofits 2017 Annual Conference, PRISM, and Walden University School of Nursing Field Education.
